Upon arrival in Catania, our private coach will be waiting to transfer us to the city centre, where we will enjoy some free time to explore the main sights and atmosphere of this charming Sicilian city.

Following our visit to the city centre, we will continue our journey towards Mount Etna, Europe's highest and most active volcano, where we will have the opportunity to admire its impressive landscapes and unique natural beauty.

Back on our bus, we make our way up through the hills of Gioiosa Marea, until we reach our destination the Agriturismo Santa Margherita. Once we check into our rooms, we will explore the surrounding area, home to breathtaking landscapes. You will be amazed by the Estate's natural beauty, with its vast groves of citrus trees, olive trees, vineyards, and other fruit-bearing plants. For those interested, there is also a petting farm to visit. Whilst here we can enjoy some free time to soak in the incredible views, that stretch as far as the Aeolian Islands, including Stromboli and Vulcano. As our day draws to a close, we will come together in the dining area for a delightful dinner that boasts an abundance of farm-fresh ingredients.

Itinerary Overview: Day 2 – Lipari and Vulcano

Each island boasts extinct craters and incredible natural beauty.

Our first stop will be Lipari, the largest of the islands and a true haven for tourists. We will disembark and take a pleasant walk together to the island's castle. Lipari is home to several points of interest, including

In time we will return to the port to board our boat and continue our scenic cruise around Lipari. This boat trip is another great way to explore the island's beauty with its views of White Beach, the towering Faraglioni rocks, Scoglio di Papa Giovanni, and the picturesque Grotta degli Angeli.

Continuing our exploratory trip admiring Vulcano's fascinating landscapes, with its volcanic terrain before heading back to the boat.

On our return journey to Milazzo, our cruise will continue around the island, and special attention will be given to more highlights found on this island such as the Grotta del Cavallo and the Piscina di Venere, a natural sea pool.
